EDITORIAL

PREVIOUS BOOKLETS

Readers might like to know that this booklet is the latest in a series that began in 1983. From 1983 to 1995, the annual CHARTWATCH summary booklet was compiled by *David Longbottom* from the charts published in RECORD MIRROR and MUSIC WEEK. Up until early 1991, this means a Top 100 singles and album chart. The demise of RECORD MIRROR in 1991 meant that both charts were reduced to a Top 75. In 1996, *Tobias Zywietz* took over compilation of the booklet, and used the charts in HIT MUSIC which extended the MUSIC WEEK charts to a Top 200. All previous booklets are available from:

Chartwatch, 34 Brybank Road, Hanchett Village, Haverhill, Suffolk, CB9 7WD, UK

The booklets for 1985 to 1995 cost £2.00 each. Similar summaries have been produced for the years 1961, 1962, 1963, 1964, 1965, 1966 and 1967, but including only singles charts; these are £1.20 each. A summary booklet for the 1983 singles chart, but without chart runs, is available for £1.40, and a similar booklet for 1984, but including both singles and albums charts, costs £1.50. The booklets from 1996 onwards cost £2.50 each. Please send a cheque (in pounds Sterling) made payable to "Chartwatch" and crossed "a/c payee".

Corrections To Previous Editions

Since the publication of the 1996 edition a small error has come to light, namely a mixup between positions 42 and 43 on the Singles Chart for 23.03.1996:

Beverley Knight		Lush		For the 1997 Annual there's this correction:

1 Introduction

This work is based on an analysis of the official British record sales charts compiled by THE OFFICIAL UK CHARTS COMPANY (formerly CHART INFORMATION NETWORK), as published by trade paper MUSIC WEEK and independent chart newsletter CHARTS+PLUS. It covers 4,181 entries for the 2003 chart year: 2,730 singles, 1,054 artist albums, and 397 budget albums.

UK Singles Chart compiled by MILLWARD BROWN, Copyright © 2003 OCC LTD., London. Scoring System: CWSRPS_{rev3}

UK Artist Albums Chart compiled by MILLWARD BROWN, Copyright © 2003 OCC LTD., London. Scoring: CWSRPS_{rev2}

UK Budget Albums Chart compiled by MILLWARD BROWN, Copyright © 2003 OCC LTD., London. Scoring: CWSRPS_{zb}

This analysis is Copyright © 2003–2004 T. Zywietz, Neulingen. The scoring system CWSRPS is Copyright © 1981–1996 Chartwatch, Ilminster. The scoring systems CWSRPS_{rev}, CWSRPS_{zb} and CWIRPS are Copyright © 1996–2002 T. Zywietz, Neulingen.

A diamond (◇) denotes a budget album, a club (♣) denotes a compilation album. *Date of Entry* refers to the date when a record entered the charts for the first time, even when climbing from a position outside the scope of this work. For records entering *before* the start of the chart year, *Date of Entry* refers to the last time the record entered or re-entered the Top 200. An asterisk (*) denotes either an uninterrupted chart-run at the start and/or the end of the chart year, or (when positioned in front of the date) chart action prior to 2003.

A record's chart run is not broken, even when absent for more than four weeks. A separate run is only established when a record is re-issued with a *different* catalogue number and/or on a different label. Exceptions from this rule are made for albums and some singles.

The first chart of the year 2003 is dated *11.01.2003* (compiled from sales data for 30.12.2002–4.01.2003 and published on 5.01.2002). The chart dated *4.01.2003* is based by 100% on sales from 2002. The 2003 chart year has 52 weeks.

Scope of the present work:

- *UK Singles* Top 75+125: 11.01.2003–3.01.2004

- *UK Artist Albums* Top 200: 11.01.2003–3.01.2004

- *UK Budget Albums* Top 50: 11.01.2003–3.01.2004

Please note these rules of the *compressed* version of the singles charts, the only version published since 12.05.2001:

3.1 Singles Chart: Positions 76–200

A single which, in the normal course of events, would appear between positions 76 and 200 of the combined Singles Chart is excluded if its sales have fallen for two or more consecutive weeks AND have fallen by more than 20% in the past week. Once excluded in this way, a record will only re-appear in the chart if its sales increase. Records excluded by this rule are shown on the printed chart report with their sales index and asterisks (***) in place of a chart position.

3.2 Sell Off Singles (effective from 20.10.2003)

If a single has previously achieved a top 40 position (and has spent at least one week outside the top 40) then subsequently achieves a week on week sales change of >5% stronger than that of the total singles market it will be assumed to be a 'sell off' title and 'starred out'—not achieving a chart position. Once 'starred out' by this rule, the product will not receive a chart position for the following 6 weeks. At its absolute discretion, OCC may choose to override this rule.

For some entries I list a sales figure. This data refers to the total number of units sold by record companies to retailers (*trade deliveries*)—not actual 'over the counter' sales to customers (*retail sales*). These trade delivery figures are certified (only on request of the record company) by the BPI – BRITISH PHONOGRAPHIC INDUSTRY LTD. to its members as follows:

	<i>for singles:</i>	<i>for albums:</i>
★	Platinum 600,000 units	300,000 units
●	Gold 400,000 units	100,000 units
○	Silver 200,000 units	60,000 units

I have included all certifications awarded until the end of January 2004. Please note that my data is only complete for entries that either have (re)entered the Top 75 or were certified *since* 1994.

If you have any questions about this booklet or the UK charts, please e-mail me: zobbel@zobbel.de, or visit my website at <http://www.zobbel.de> or the Chartwatch site at <http://www.chartwatch.co.uk>
